To Whom It May Concern,

Reference: Paul Belcher - CM-NZ Limited

I write this reference for CM-NZ, who successfully project managed our relocatable project involving the development of eight teaching spaces in 2022. Their expertise and dedication were instrumental in the seamless execution and timely delivery of this important initiative.

CM-NZ demonstrated exceptional project management skills from the initial planning stages through to project completion. Their approach and attention to detail ensured that every aspect of the project was coordinated and executed. They managed resources efficiently, adhered to established timelines, and maintained the highest standards of quality throughout the process.

Clear communication was a hallmark of CM-NZ's management style. They provided regular updates, facilitated transparent discussions, and promptly addressed any concerns or changes that arose.

One of the most commendable aspects of CM-NZ's performance was their ability to deliver the project as programmed. Despite the tight time frames involved, they adhered to the schedule, ensuring that the teaching spaces were completed on time and ready for use as planned. This reliability was crucial in minimising disruption to our school's operations and ensuring a smooth transition into the new spaces.

CM-NZ's project management skills, clear communication, and adherence to timelines made them an invaluable partner in our relocatable project. I recommend their services to any organisation seeking a competent and dependable project management team.

Yours sincerely,

Joe Eccleton
Principal
Cashmere High School
